

## **Notice of Hope College Health Insurance Plan's “Auto Accident Exclusion”**

Dear Automobile Insurance Agent

The health plan I am enrolled, through my employer Hope College, has an “Auto Accident Exclusion”. This means any injuries in an auto related accident will not be covered by my employer’s plan. Based on this I am required to elect medical benefits PIP (personal injury protection benefits) through you, my automobile insurance policy carrier, for myself and my family members.

I understand that there may be an increase to my automobile policy premiums to accommodate this change. Please provide me with information on the increase in costs as well as the necessary policy amendments for my insurance policy as soon as possible.

Sincerely,
