

# MATHEMATICS MINOR FOR SECONDARY TEACHING

Updated May 2015

The **minor in Mathematics for Secondary teaching** (State Code: EX) consists of a minimum of 24 credits.

Teacher candidates for certification in Math at the Secondary level must pass the Michigan Test for Teacher Certification (MTTC) in Math (Test #022). MTTC content exams should not be taken until 90% of course work in the subject area has been completed. A study guide is available at the MTTC website: ([http://www.mttc.nesinc.com/PDFs/MI\\_field022\\_SG.pdf](http://www.mttc.nesinc.com/PDFs/MI_field022_SG.pdf)).

The courses below meet State standards and have been selected so that teacher candidates will be well prepared for the test. Knowledge must be demonstrated in the following categories in order to successfully pass the MTTC subject area exam:

Subarea	Approximate % of Questions on Test
1. Mathematical Processes & Number Concepts	22%
2. Patterns, Algebraic Relations & Functions	28%
3. Measurement and Geometry	22%
4. Data Analysis, Statistics, Probability, Discrete Math	28%

The following chart is intended to provide you a guide for scheduling your semesters and for keeping track of your grade point average.

**PLEASE REFER TO YOUR DEGREE EVALUATION IN KNOWHOPE PLUS IN ADDITION TO THIS DOCUMENT TO DETERMINE FULFILLMENT OF COURSE REQUIREMENTS**
