

Study Abroad Scholarship Application Semester & Academic Year

The Study Abroad Scholarship is an award providing assistance to students with financial need. Applicants must be in good academic and behavioral standing with the College and plan on participating on an officially approved study abroad program for a semester or academic year.

A committee of administrators will review student applications for the award. The committee consults with the Office of Financial Aid to determine which applicants meet criteria specific to each award and to determine student financial need.

The Study Abroad Scholarship is funded by the generous support of Hope College alumni, parents and friends who are committed to the mission of the College of preparing students for lives of service and leadership in a global society.

To apply for the scholarship, please submit this application form with the short essay attached to the Fried International Center by October 15 for spring programs and April 15 for fall and academic year programs.

			Date:
Last Name:	First Name:	Student ID:	
Current Address:		Current Phone:	
Permanent Address:		Permanent Phone:
