Important Annual Notice from Hope College About Your Prescription Drug Coverage and Medicare

Hope College annually provides this notice for information about your current “Creditable Coverage” prescription drug coverage through the health insurance plans offered to Hope College employees and retirees. Please read this notice carefully and keep it where you can find it. This information can help you decide, if you are Medicare eligible, whether or not you want to join a different Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice. There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. Hope College has determined that the prescription drug coverage offered by Blue Cross Blue Shield of Michigan’s PPO Plan (active employees and early retirees) and BCBSM Medicare Advantage PPO Plan (retired employees) are, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from November 15th through December 31st.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you do decide to join a Medicare drug plan and drop your current BCBSM coverage, be aware 1) Retirees and Early Retirees and their dependents will not be able to get this coverage back. 2) Actively employed participants may only re-enroll during our annual Open Enrollment Period for coverage effective the beginning of the next benefit plan year.

THIS NOTICE APPLIES ONLY TO INDIVIDUALS WHO HAVE MEDICARE OR WHO ARE CONSIDERING ENROLLING IN MEDICARE.
When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Hope College and don’t join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following November to join.
