

Big things are happening!

As the Phelps Dining Hall renovations wrap up this summer, Hope “sets sail” with two dining opportunities for 2014 conferences:

- The Galley (Cook Dining)
- The Crow’s Nest (a dining area for 2014 only that will be located in the DeVos parking lot on the corner of 9th and Lincoln)

Depending on when you arrive on campus, you may be eating in one or the other, or both! Either way, we’re looking forward to having you in on the ground floor as Hope transitions from a great dining facility, to an even better one!

PHELPS DINING HALL 2015

⚓ This is our 1st renovation in 40 years. Translated: We needed it; you’ll love it.

⚓ Taking into consideration the complexity of the renovation, we accepted no new camps this year.

⚓ The renovated cafeteria will offer a variety of new food options, a bigger servery and a fabulous seating area.
