

Parents of Hope College students provide generous financial support of the college each year.

Nearly 19 percent of parents with students enrolled in 2016-17 also made voluntary contributions to Hope College.* Their gifts totaled \$568,529 and include support of the Hope Fund and various special projects.

Many parents continue supporting Hope after their sons and daughters graduate. More than 966 parents of graduates made gifts in 2016-17. These gifts totaled \$2,056,846 and included the Hope Fund and special projects.

Total parent gifts to Hope College exceeded \$2,625,375. This figure also includes funds received from corporate matching gifts generated by their contributions.

⚓ Hope Builders, designated by an anchor before their names, are being recognized for their loyal and faithful support. A Hope Builder is an alumnus, parent, friend, business, or church that has contributed to any fund at Hope College for three or more consecutive years. The three years include the current year (2016-17) plus the two previous years.

*Individuals who are both Hope alumni and Hope parents are recognized in the alumni honor roll of donors.
