<b>4</b> Global Health graduates will apply an interdisciplinary or interprofessional lens to global health experiences within the context of the historic Christian faith.	I		I	R	M	R	R		

# Program Learning Outcomes: Assessment Tools

Program Name: Global Health

Date: 08/31/2022

	<p>Program Learning Outcomes</p> <p>Knowledge, skill, or behavior students can demonstrate upon program completion</p>	Measurement Tool	Timeline/Frequency of Assessment	Target	Review
1	Global Health graduates will understand the complex ways that various social determinants of health affect individual and population health worldwide.	Interdisciplinary Global Health knowledge inventory at the beginning of the Advanced Global Health Experiential Capstone (IDS/GH 4XX)	Assessment rubric built into the presentation grading rubric; each instructor then submits assessment at the end of semester. Results compiled by Global Health director every three years.	We will establish rubrics and benchmarks during the 2022-2023 academic year.	Results will be reviewed by the Global Health Faculty Leadership Council in May 2023, and then every three years at May assessment meeting
2	Global Health graduates will apply practical, interdisciplinary, and culturally appropriate skills in crafting solutions for individual and population health worldwide.	Oral presentation about the semester-long project in Advanced Global Health Experiential Capstone (IDS/GH 4XX)	Assessment rubric built into the presentation grading rubric; each instructor then submits assessment at the end of semester. Results compiled by Global Health director every three years.	We will establish rubrics and benchmarks during the 2022-2023 academic year.	Results will be reviewed by the Global Health Faculty Leadership Council in May 2023, and then every three years at May assessment meeting
3	Global Health graduates will analyze personal and social responsibility in caring for individual and population health around the world.	Individual reflective paper about the semester-long project in Advanced Global Health Experiential Capstone (IDS/GH 4XX)	Assessment rubric built into the paper grading rubric; each instructor then submits assessment at the end of semester. Results compiled by Global Health director every three years.	We will establish rubrics and benchmarks during the 2022-2023 academic year.	Results will be reviewed by the Global Health Faculty Leadership Council in May 2023, and then every three years at May assessment meeting
4	Global Health graduates will apply an interdisciplinary or interprofessional lens to global health experiences within the context of the historic Christian faith.
