Program Learning Outcomes		Measurement Tool	Timeline/Frequency of Assessment	Target	Review
Knowledge, skill, or behavior students can demonstrate upon program completion					
<b>1</b>	CREATE - Student will possess the artistic skills and craft to fulfill an integral role within a theatrical production.	Departmental assessment of students' overall progress occurs each spring in the department review for all DAA's, sophomores, and juniors and in senior exit interviews. Every Theatre declared major is required (minors are encouraged) to go through a sophomore, junior and senior year assessment, during which a student's progress is measured against the department goals/objectives.	Spring of each year.	85% of graduating theatre majors will be proficient in a minimum of 3 of the 4 program learning outcomes, with consideration of their stated post-college aspirations.	PLO 1 and 2 will be reviewed in even years with our graduating seniors. The progress mean will be measured against the department's desired outcomes/targets. Should data demonstrate that students' progress is not satisfactory, then specific courses are evaluated to determine their success in achieving both the course goals and departmental goals and objectives.
